

*What are the Benefits of the Repêchage Peppermint Sea Twist?*

- *Slims*
- *Stimulates*
- *Rejuvenates*
- *Purifies the skin*
- *Improves circulation making it an ideal treatment for cellulite reduction, sore aching muscles, or water retention of collagen leading to a more youthful appearance.*

*Service Description:*

*The Repêchage Peppermint Sea Twist works by encouraging circulation and lymphatic drainage therapy detoxifying the body. The Peppermint Sea Twist combines fresh marine seaweed with peppermint oil in a powerful restorative body mask with a geothermal effect, producing an increase in body temperature that stimulates circulation and the elimination of toxins, including unwanted fat stores, from the tissues.*

*Other benefits include deep relaxation and improved skin condition. Circulation is improved as the treatment helps detoxify and rid the body of unwanted toxins while the skin is nourished. After the treatment, the skin will be rejuvenated, invigorated and tightened; fat will be degraded and local circulation increased.*
